

Coronavirus Announcement

To our Patients:

In order to better protect our patients, staff, and community we have made the difficult decision to close our offices temporarily. We will be open Wednesday, March 18th, through Friday, March 20th, to allow patients to pick up glasses and/or contact lens orders that are in the office. If you need to order contact lenses, you can do so on our website: <http://familyeyemuscatine.com/>

Our offices will be closed from March 21st through March 31st, with the exception of emergency eye care. **If you have a true eye-related emergency, please call our office at 563-263-7577 and follow the prompts to leave a message for the on-call doctor.**

At this time, we plan on being open again starting April 1st, but as we've learned, this is an ever-changing circumstance that requires constant monitoring. We apologize for the inconvenience and will keep you updated with all future changes.

We appreciate your understanding through these unknown times.

Stay healthy and we will see you soon!
